Alternative Transportation Services

Our Program

Alternative Transportation Services is one of the premier transportation providers serving the metro Detroit area since 2001. We specialize in non-emergency medical transportation as a result of auto accidents or medical conditions. We also provide executive, airport and visitor transportation such as bus tours and corporate services.

Our fleets consist of wheelchair, ambulatory and luxury vehicles. All of our vehicles are new, clean and inspected daily.

We offer a customer loyalty program and referral incentives. Our live operators are available 24 hours a day, 7 days a week to take your calls.

Our Staff

Our qualified staff meets all industry compliance and clearance requirements for criminal background checks, drug and alcohol screenings, and child and sex offender screenings.

We are committed to safety for both our clients and employees. Our staff wear readily identifiable uniforms and carry picture identification.

All drivers are CPR and First Aid certified.
